Dear Dr Wallace

Re: G-Nostics Ltd

Thank you for your letter of 9th February 2005, together with the enclosures.

As you know, Cancer Research UK and Cancer Research Technology share your concerns with regard to the efficacy and marketing of NicoTest. This is why we have sought, from the outset, to distance Cancer Research UK and Cancer Research Technology from any of the company's claims and marketing materials.

I am not at liberty to answer your specific questions given confidentiality requirements. However, I can assure you that Cancer Research Technology plans to have no ongoing involvement with G-Nostics.

Yours sincerely
